AFFABLE HOMES

BUILT AROUND YOU

The Hidden Willow

A home shaped by thoughtful design, natural materials and the way we live.

A CUSTOM HOME SHOWCASE / MARSDEN PARK

01 / OUR PHILOSOPHY

A home should feel like yours.

We believe truly considered homes begin with people, not pre-set plans. We listen to how you live, the spaces you value and the details you imagine, then work with you to create a design that is distinctly personal.

The Hidden Willow is one expression of that approach - a warm coastal character carried from its stone facade through to every thoughtfully composed interior.

02 / THE ARCHITECTURE

Calm. Confident. Coastal.

Curved forms, textured stone and soft edges give the facade its quiet presence - a contemporary home with an unmistakably welcoming character.

03 / A PALETTE OF NATURAL FINISHES

Material honesty.

A grounded combination of stone, beige tile, Boston Oak joinery, dolomite and marble brings natural depth, warmth and continuity across the home.

04 / LIVING

Made for real living.

Generous gathering spaces balance comfort and scale, with natural finishes that make everyday moments feel beautifully at ease.

05 / DINING & CONNECTION

Space to come together.

Open, connected zones allow dining, conversation and relaxation to flow naturally, with each setting retaining a sense of its own.

06 / THE KITCHEN

An everyday centrepiece.

An expansive island, refined stone surfaces and layered lighting create a kitchen equally suited to quiet mornings and memorable evenings.

07 / FUNCTION, BEAUTIFULLY CONSIDERED

Practical by design.

Thoughtful planning extends beyond the hero spaces, with functional kitchen zones and joinery composed for seamless everyday use.

08 / LIGHT & FLOW

A sculptural journey.

The floating stair and expansive glazing shape a light-filled centre, connecting the home across levels without sacrificing openness.

09 / INDOOR-OUTDOOR LIVING

An invitation outside.

Sheltered entertaining spaces continue the warmth of the interiors outdoors, creating a setting to gather, unwind and enjoy the everyday.

10 / THE UPPER LEVEL

Room to retreat.

Beyond the main living areas, a relaxed upstairs lounge creates another place to gather - or enjoy a quieter pace.

11 / A LAYERED HOME

Quiet moments, considered.

Soft furnishings, warm joinery and carefully positioned natural light introduce intimacy within the home's generous scale.

12 / THE MAIN SUITE

A place to pause.

A serene private retreat draws together soft textiles, subtle curves and an easy connection to the outdoors.

13 / THE DETAILS THAT MAKE A DIFFERENCE

Storage, thoughtfully integrated.

Beautifully resolved joinery provides a place for the practical details of life, with material choices carried into the most personal spaces.

14 / BATHING SPACES

The luxury of calm.

Warm stone-toned tiles, floating timber joinery, refined fixtures and a freestanding bath create a quietly restorative experience.

15 / BATHROOM DETAILS

Texture. Light. Balance.

Softly curved mirrors and natural finishes turn purposeful rooms into places with character and warmth.

16 / PRIVATE SPACES

Comfort, in every room.

Each bedroom feels welcoming and uncluttered, with quiet finishes that allow the space to evolve with the people who live there.

17 / THE HOME OFFICE

Built for the way you work.

A dedicated workspace brings flexibility into the plan - a considered place for focus, creativity and the changing rhythms of home life.

18 / AN AFFABLE HOMES EXPERIENCE

Your home.
Your way.

Every client, block and brief is different. We approach every project as its own design, with careful coordination from the first sketch through to completion.

01	**LISTEN**	Your lifestyle, land, ambitions and priorities.
02	**DESIGN**	A bespoke plan developed around your needs.
03	**COORDINATE**	Considered decisions across design and delivery.
04	**BUILD**	A consistent focus on execution and finish.

Love this home?
